

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/jss-20-552	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The cost data for each study group in our study: the full-endoscopic interlaminar decompression (MIS) and conventional microsurgical decompression (CD).
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Orthopaedic surgeons and biostatisticians who work in the spine surgery field.
8	For what type of analysis or purpose?	For cost analysis to examine the expenses incurred in the healthcare system with these spine surgeries.
9	How or where can the data/documents be obtained?	Emails could be sent to the corresponding author's email address to request for data sharing: cheungjp@hku.hk
10	Any other restrictions?	The potential benefits and risks of each request will be assessed by the corresponding author, who will provide the shared data at his discretion.
