

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/jgo-21-221	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	We still need these data to do further research
3	What data in particular will be shared?	The survival data in particular will be shared, and we also found a correlation between the time from Robotic to open surgery
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Medical oncologists who are interested in studies of Robotic Surgery
8	For what type of analysis or purpose?	academic purpose
9	How or where can the data/documents be obtained?	send email to correspond author drchengxi@126.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
