

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/jgo-21-55	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Clinical outcomes and tissue microarray results will be shared, as well as complete statistical methods with unpublished analysis.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From the publication date.
6	When will data availability end?	3 years from publication date.
7	To whom will you share the data?	Radiation oncologists, medical oncologists, hepatobiliary surgeons, pathologists, and others interested in studies of biomarkers in pancreatic cancer.
8	For what type of analysis or purpose?	For clarification of methodology and results and in efforts toward the design of future biomarker studies.
9	How or where can the data/documents be obtained?	Research data are stored in an institutional repository and will be shared upon request to the corresponding author. Emails can be sent to Kenneth W. Merrell, M.D.: Merrell.Kenneth@mayo.edu
10	Any other restrictions?	We will not include identifiable patient data and may balance potential risks and benefits of each request prior to providing data.
