

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jgo-20-371	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The resected number and metastatic number of each lymph node station and the survival data will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date
6	When will data availability end?	One year within the publication date, since the survival date may be updated over time.
7	To whom will you share the data?	Medical oncologists and thoracic surgeons.
8	For what type of analysis or purpose?	To confirm our result of the optimal resected number of lymph nodes for pN0 patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the share data: drchenlq@scu.edu.cn
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
