<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes. Not a priori
2	If not, would you like to share the reason for your decision?	Ethical restrictions make data sharing outside of Sweden difficult. A certain amount of data is available upon request where individual identification is not possible, i.e all data including dates have been removed.
3	What data in particular will be shared?	To be discussed upon request
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Not applicable
5	When will data availability begin?	Upon request – we have no data depository
6	When will data availability end?	Not applicable
7	To whom will you share the data?	Other researchers requesting it.
8	For what type of analysis or purpose?	Meta-analyses, double checking results.
9	How or where can the data/documents be obtained?	From the corresponding author
10	Any other restrictions?	No
