

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jgo-22-676	
Item	Question	Authors' Response (place “-” if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	Genomic data will be made available upon request
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Request for other information may be provided. Any requests for additional information should be made to the corresponding author
5	When will data availability begin?	February 2023
6	When will data availability end?	Not yet known
7	To whom will you share the data?	Data will be made upon request to any investigators who request it
8	For what type of analysis or purpose?	For additional research purposes
9	How or where can the data/documents be obtained?	The reader should request access for the sequencing data from the corresponding author. The reader will then be granted access to the data which will be stored in the European genome-phenome archive
10	Any other restrictions?	No
