

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jgo-22-1193	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The patients baseline characteristics, intraoperative data and postoperative recovery, and pathological information will be shared
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the follow-up data may be updated over time.
7	To whom will you share the data?	Medical oncologists and colorectal surgeons who are interested in studies of robotic colorectal surgery.
8	For what type of analysis or purpose?	For investigating the short-term outcomes of robotic colorectal surgery performed by surgeons with or without extensive laparoscopic experience after the completion of structured training programs in China.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: 3097209249@qq.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
