

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/jgo-22-1048">https://dx.doi.org/10.21037/jgo-22-1048</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response</b> (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The data in terms of effect of Nestin on the antitumor activity of TRA and the role of Nestin in modulating the sensitivity of GC cells to TRA in particular will be shared. In addition, we also found a positive relationship between Nestin expression and the activity of Nrf2 and activation of the HER2/Akt/ERK 1/2 pathway
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol and statistical analysis plan will be shared upon request.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One year within the publication date, since new findings will be reported over time.
7	To whom will you share the data?	Medical oncologists
8	For what type of analysis or purpose?	For analysis to evaluate the role of antioxidative Nestin-Nrf2 axis in the mechanism underlying the resistance of gastric cancer cells to Trastuzumab.
9	How or where can the data/documents be obtained?	The data/documents can be obtained from the corresponding author upon request: <a href="mailto:QLi_Summer@163.com">QLi_Summer@163.com</a> ; cui.yuehong@zs-hospital.sh.cn
10	Any other restrictions?	We may evaluate the potential benefits and risks for each request and share the data/documents.
