

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/jgo-23-599">https://dx.doi.org/10.21037/jgo-23-599</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	All patient ALBI values and complication data can be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	If necessary, statistical analysis plans, informed consent forms, and clinical research reports will also be shared.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Within two years of the publication date, prognostic data may be updated over time
7	To whom will you share the data?	Medical oncologists and general surgeons interested in tumor nutrition.
8	For what type of analysis or purpose?	The significance of evaluating ALBI for the prognosis of gastrectomy
9	How or where can the data/documents be obtained?	Email can be sent to the following address to obtain shared data: 452778751@qq.com
10	Any other restrictions?	We can balance the potential benefits and risks of each request, and then provide data that can be shared.
