

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jgo-23-895	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	RNA sequencing of CRC cells referring to current article was deposited in the GEO repository (GSE232193), we are willing to share this data after article publication.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol and statistical analysis plan will be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Medical oncologists and surgeons who are interested in studies of CRC.
8	For what type of analysis or purpose?	For analysis to find new target genes in colon cancer patients.
9	How or where can the data/documents be obtained?	RNA sequencing data could be download in GSE232193 after article publication; emails could be sent to the address below to obtain the shared data: jlfudan2013@163.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
