

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/jtd-20-1371.	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The coronary artery calcium scores measured on the four sets of CT images from 26 patients will be shared. The four sets include the chest CT images with slice thicknesses of 0.625-, 1.25-, 2.5-mm and the standard calcium scoring CT.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years from the publication date.
7	To whom will you share the data?	Clinicians who are interested in coronary artery calcium scoring on chest CT images.
8	For what type of analysis or purpose?	For integrating coronary artery calcium scoring into the routine chest CT scanning.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: sjaemin@yuhs.ac
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
