

## Data Sharing Statement

<b>Article Info</b>	http://dx.doi.org/10.21037/jtd-20-1779.	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes. Research data are stored in an institutional repository and may be shared upon reasonable request to the corresponding author.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Any and all data stored in NCDB.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan may be shared upon reasonable request.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the survival and mortality data may be updated over time.
7	To whom will you share the data?	Oncologists who are interested in studies regarding mesothelioma.
8	For what type of analysis or purpose?	For analysis to evaluate safety and outcomes of mesothelioma cancer patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: csimone@nyproton.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
