Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	No. The original data will not be shared to the others.
2	If not, would you like to share the reason for your decision?	We will not share our original data, because: 1. We did not get the permission of CDC of Jiangsu Province for sharing the data. 2. Our data almost included all the COVID-19 cases in Nanjing City. If we share the data, someone may get the basic and clinical information and may deduce more personal information of the patients. However, if the editors need to check our data, we have no objection to your request.
3	What data in particular will be shared?	We would like to share the data published in the paper.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	No.
5	When will data availability begin?	When the paper online available.
6	When will data availability end?	No.
7	To whom will you share the data?	To the clinical researchers.
8	For what type of analysis or purpose?	
9	How or where can the data/documents be obtained?	The data can be obtained from corresponding author of this paper.
10	Any other restrictions?
