

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/jtd-21-1081">https://dx.doi.org/10.21037/jtd-21-1081</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Individual participant data that underlie the results reported in this article, after deidentification.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	Beginning 9 months following article publication.
6	When will data availability end?	Ending 24 months following article publication.
7	To whom will you share the data?	Thoracic surgeons who are interested in studies of postoperative complications.
8	For what type of analysis or purpose?	For individual participant data meta-analysis.
9	How or where can the data/documents be obtained?	Proposals should be directed to mizukam@gmail.com. To gain access, data requestors will need to sign a data access agreement.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared. In addition, our institutional review board needs to approve it.
