

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/jtd-21-879">https://dx.doi.org/10.21037/jtd-21-879</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	We will gladly share data pertinent to the clinical course, especially related to minimally-invasive anatomical resections that have seldom been performed in this collective
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	We will gladly share our study protocol, our statistical analysis plan, informed consent forms and clinical study reports
5	When will data availability begin?	Directly from publication
6	When will data availability end?	Two years within the publication date, as described techniques or outcomes might be updated over that time span
7	To whom will you share the data?	Thoracic surgeons, pneumologists.
8	For what type of analysis or purpose?	To analyze the validity of our approach in this collective.
9	How or where can the data/documents be obtained?	Please contact <a href="mailto:zardo.patrick@mh-hannover.de">zardo.patrick@mh-hannover.de</a>
10	Any other restrictions?	All data sharing has to be in line with national and European regulations.
