

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jtd-21-936	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The specimen grading, bleeding events, as well as bleeding interventions.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	At publication date
6	When will data availability end?	It will remain available indefinitely
7	To whom will you share the data?	General pulmonologists, interventional pulmonologists, pathologists, and thoracic surgeons with interest in studies of cryobiopsy and large forceps biopsies.
8	For what type of analysis or purpose?	For analysis to collect related to large forceps biopsies
9	How or where can the data/documents be obtained?	Email can be sent to the PI at Wissam-Abouzgheib@cooperhealth.edu
10	Any other restrictions?	We will weight the risks and benefits of sharing data for each request and do our best to provide that data if deemed appropriate.
