

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jtd-22-499	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The adverse events data of LAAC could be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or AE data may be updated over time.
7	To whom will you share the data?	Cardiovascular surgery researchers.
8	For what type of analysis or purpose?	Analysis and prediction of AE after LAAC.
9	How or where can the data/documents be obtained?	Email could be sent to ningzpsh@163.com .
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
