

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/jtd-22-790">https://dx.doi.org/10.21037/jtd-22-790</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Data on patient perioperative findings, death, and left atrioventricular valve (LAVV) reoperation
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Due to the retrospective nature of this paper, no further documents need to be shared.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time
7	To whom will you share the data?	Cardiac surgeons interested in pediatric atrioventricular septal defect AVSD research
8	For what type of analysis or purpose?	For analysis to evaluate the outcomes of surgical repair in pediatric AVSD patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: zhanghuifeng@fudan.edu.cn
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared
