

## Data Sharing Statement

<b>Article Info</b>	https://dx.doi.org/10.21037/jtd-22-820	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The value of clinical parameters and all the sequencing data about SNPs will be shared.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival data may be updated over time.
7	To whom will you share the data?	Respiratory physicians who are interested in the genetic susceptibility of the asthma and chronic obstructive pulmonary disease (COPD).
8	For what type of analysis or purpose?	For analysis to explore the potential common genetic susceptibility of asthma and COPD.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: cassieliu@126.com or gao.jin.ming@hotmail.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
