

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jtd-23-224	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	Intraoperative blood loss and operation time data will be shared, and patients treated with local arterial embolization before surgery will have significantly reduced intraoperative blood loss and significantly shorter operation time.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Respiratory physicians and thoracic surgeons may be interested in this study.
8	For what type of analysis or purpose?	Used for analysis to evaluate the safety and efficacy of this study's clinical practice.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: 294403830@qq.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
