

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jtd-23-437	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The survival data in particular will be shared, and we also found a correlation between the CCNO and CDK13.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication data, since the technique or survival data may be updated over time.
7	To whom will you share the data?	Medical oncologists and lung doctors who are interested in studies of CCNO.
8	For what type of analysis or purpose?	For analysis to evaluate the safety of CCNO in LUAD patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: jiangjin22@126.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
