

## Data Sharing Statement

<b>Article Info</b>	https://dx.doi.org/10.21037/jtd-22-1731	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The names and contents of metabolites.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and informed consent form will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Doctors or researchers who are interested in studies of COPD.
8	For what type of analysis or purpose?	For analysis to compare the metabolites between COPD and control in lung tissues of human and mice.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: fengyiscmy@163.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
