

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jtd-23-854	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	No.
2	If not, would you like to share the reason for your decision?	First of all, we have to admit that sharing data will bring great convenience to others' research. However, after careful thinking, our team consider that there are still many parts of our data that need to be improved, and we hope to provide more valuable data for scholars in future research.
3	What data in particular will be shared?	-
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	-
6	When will data availability end?	-
7	To whom will you share the data?	-
8	For what type of analysis or purpose?	-
9	How or where can the data/documents be obtained?	-
10	Any other restrictions?	-
