

## Data Sharing Statement

<b>Article Info</b>	https://dx.doi.org/10.21037/jtd-23-867	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Data about pneumothorax events, treatment and follow up.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	None.
5	When will data availability begin?	Data will be available from the date of publication of the online article.
6	When will data availability end?	Two years within the publication date. After that, data availability may be possible upon individual request to the corresponding author.
7	To whom will you share the data?	Commercial use is prohibited and data use is limited to university or teaching hospital affiliated researchers (thoracic surgeons) for research purposes.
8	For what type of analysis or purpose?	For academic purpose only.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: <a href="mailto:sophiamoon@catholic.ac.kr">sophiamoon@catholic.ac.kr</a>
10	Any other restrictions?	Unauthorized distribution, disclosure, or modification of data for purposes other than those authorized by the corresponding author is prohibited. We may balance the potential benefits and risks for each request, and sometimes, we might need the Data Review Committee of our institution, and then provide the data that could be shared.
