

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jtd-23-689	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	No.
2	If not, would you like to share the reason for your decision?	Due to restrictions imposed by our institutional research ethic board (REB) and privacy office arranging data sharing even with a completely de-identified dataset is very difficult. For these reasons, we cannot share the original dataset.
3	What data in particular will be shared?	-
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	We are willing to share the study protocol but cannot share the original data.
5	When will data availability begin?	-
6	When will data availability end?	-
7	To whom will you share the data?	-
8	For what type of analysis or purpose?	-
9	How or where can the data/documents be obtained?	-
10	Any other restrictions?	-
