

ICMJE DISCLOSURE FORM

Date:2023.11.15

Your Name:Ling Sang

Manuscript Title:More attention should be paid to Omicron-associated sepsis: A multicenter retrospective study in South China

Manuscript number (if known):JTD-23-808

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. "Related" means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author's relationships/activities/interests as they relate to the current manuscript only.

The author's relationships/activities/interests should be defined broadly. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
Time frame: Since the initial planning of the work			
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	National Key R&D Program of China (Nos. 2022YFC0869400 and 2022YFC2504402).	The funders had no role in the study's design, data collection, analysis, decision to publish, or manuscript preparation.
		National Natural Science Foundation of China (82270081).	The funders had no role in the study's design, data collection, analysis, decision to publish, or manuscript preparation.
		Emergency Key Program of Guangzhou Laboratory (EKPG21-17).	The funders had no role in the study's design, data collection, analysis, decision to publish, or manuscript preparation.
		Natural Science Foundation of Guangdong Province, China. (2020A1515011459).	The funders had no role in the study's design, data collection, analysis, decision to publish, or manuscript preparation.
Time frame: past 36 months			

2	Grants or contracts from any entity (if not indicated in item #1 above).	None	
3	Royalties or licenses	None	
4	Consulting fees	None	
5	Payment or honoraria for lectures, presentations, speakers bureaus, manuscript writing or educational events	None	
6	Payment for expert testimony	None	
7	Support for attending meetings and/or travel	None	
8	Patents planned, issued or pending	None	
9	Participation on a Data Safety Monitoring Board or Advisory Board	None	
10	Leadership or fiduciary role in other board, society, committee or advocacy group, paid or unpaid	None	
11	Stock or stock options	None	
12	Receipt of equipment, materials, drugs, medical writing, gifts or other services	None	
13	Other financial or non-financial interests	None	

Please summarize the above conflict of interest in the following box:

Dr. Ling Sang received funding from the National Key R&D Program of China (grants 2022YFC0869400, 2022YFC2504402), the National Natural Science Foundation of China (grant 82270081), the Emergency Key Program of Guangzhou Laboratory (grant EKPG21-17), and the Natural Science Foundation of Guangdong Province, China (grant 2020A1515011459). The funders had no role in the study's design, data collection, analysis, decision to publish, or manuscript preparation.

Please place an "X" next to the following statement to indicate your agreement:

I certify that I have answered every question and have not altered the wording of any of the questions on this form.

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. "Related" means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author's relationships/activities/interests as they relate to the current manuscript only.

The author's relationships/activities/interests should be defined broadly. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.
