

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jtd-23-1667	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Deidentified data of primary outcome of the study will be shared upon request with appropriate institutional review board approval as well as data use agreement.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	No.
5	When will data availability begin?	At time of publication.
6	When will data availability end?	Two years within the publication date since the data of occurrences of postoperative complications may be updated over time.
7	To whom will you share the data?	Anesthesiologists and surgeons specialized in esophageal cancer.
8	For what type of analysis or purpose?	For analysis of postoperative pulmonary complications following esophagectomy.
9	How or where can the data/documents be obtained?	Emails can be sent to the address below to obtain the shared data: maggitan@yeah.net
10	Any other restrictions?	We may balance the potential benefits and risks of each request and then provide the data that could be shared.
