

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jtd-24-288	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The ECG data in particular will be shared, and we also found a correlation between LAEF and LASRS with dense LAASEC/LAAT.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique may be updated over time.
7	To whom will you share the data?	The physician interested in cardiology
8	For what type of analysis or purpose?	To improve the predictive ability of stroke risk groups in patients with atrial fibrillation.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: suna_shine@126.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
