

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/jtd-23-1810">https://dx.doi.org/10.21037/jtd-23-1810</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	In particular, the surgical data will be shared, as there is little information regarding clipless internal mammary artery harvesting for minimally invasive coronary artery bypass grafting using the shear-tip harmonic scalpel in existing literature.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The study protocol (surgical technique using the shear-tip Harmonic scalpel for minimally invasive cardiac surgery) and the surgical indications for various minimally invasive cardiac surgeries will be shared.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years after the publication date, considering the technique or study protocol and surgical indications may be updated over time.
7	To whom will you share the data?	Cardiologists and cardiac surgeons who are interested in studies of minimally invasive cardiac surgery.
8	For what type of analysis or purpose?	For evaluation of the safety of the shear-tip Harmonic scalpel for use in minimally invasive cardiac surgery.

9	How or where can the data/ documents be obtained?	The following author can be contacted by email: Yong Chae Jung, Clinical fellow Department of Thoracic and Cardiovascular Surgery, Chungnam National University Hospital, Chungnam National University School of Medicine, Munhwa-ro 282, Jung-gu, Daejeon 35015, South Korea <a href="mailto:whims@naver.com">whims@naver.com</a>
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
