

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jtd-24-8	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	KLRB1 affects lung adenocarcinoma growth and proliferation through the MAPK/ERK pathway, which has rarely been investigated in previous studies.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol, statistical analysis will also be shared if requested.
5	When will data availability begins?	From the publication date.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Those interested in the effect of KLRB1 in immune infiltration and prognosis of lung cancer.
8	For what type of analysis or purpose?	For analysis to investigate the effect of KLRB1 on immune infiltration and malignant phenotype in lung cancer.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: xusiwei321@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
