

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/tcr-20-189	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	lncRNA was used to elucidate the mechanism of down-regulation of DICER expression in tumors, and used as potential target for the diagnosis and treatment of ovarian cancer.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol, statistical analysis plan, if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Always applicable, even if proven to be biased or meaningless.
7	To whom will you share the data?	Oncology and gynecology researchers who interested in non-coding RNA.
8	For what type of analysis or purpose?	To discover a potential target for the diagnosis and treatment of ovarian cancer.
9	How or where can the data/documents be obtained?	Email 15026923356@163.com
10	Any other restrictions?	No
