

## Data Sharing Statement

<b>Article Info</b>	http://dx.doi.org/10.21037/tcr-21-222	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The original data, filtered data using defined criteria and identified gene signatures.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Not applicable
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Medical oncologists or translational researchers who are interested in studies of LUSC.
8	For what type of analysis or purpose?	For analysis to evaluate potential biomarkers or driver genes in LUSC.
9	How or where can the data/documents be obtained?	The data will be published as a Supplementary or can be obtained by emailing to the author: drhunterjefferson@gmail.com.
10	Any other restrictions?	None
