

Topic	Item No	Checklist item description	Reported on Page Number/Line Number	Reported on Section/Paragraph
Title	1	The diagnosis or intervention of primary focus followed by the words "case report"	Line 2.Page1.	Yes,at the end of the title
Key Words	2	2 to 5 key words that identify diagnoses or interventions in this case report, including "case report"	Line 26.Page1.	Yes,on section "Keyword"
Abstract (no references)	3a	Introduction: What is unique about this case and what does it add to the scientific literature?	Line16-17.Page1.	Yes,on section "Abstract"
	3b	Main symptoms and/or important clinical findings	Line18-19.Page1.	Yes, on section "Abstract"
	3c	The main diagnoses, therapeutic interventions, and outcomes	Line19-23 .Page1.	Yes, on section "Abstract"
	3d	Conclusion—What is the main "take-away" lesson(s) from this case?	Line 23-25.Page1.	Yes, on section "Abstract"
Introduction	4	One or two paragraphs summarizing why this case is unique (may include references)	Line 36-49.Page1.	Yes, on section "Introduction"
Patient Information	5a	De-identified patient specific information	Line42Page1; 1-2.Page2.	Yes, on section "Case report"
	5b	Primary concerns and symptoms of the patient	Line 4-7.Page2.	Yes, on section "Case report"
	5c	Medical, family, and psycho-social history including relevant genetic information	Line 5.Page2.	Yes, on section "Case report"
	5d	Relevant past interventions with outcomes	Line 5-12.Page2.	Yes, on section "Case report"
Clinical Findings	6	Describe significant physical examination (PE) and important clinical findings	Line 8-14.Page2.	Yes, on section "Case report"
Timeline	7	Historical and current information from this episode of care organized as a timeline	No timeline shown as the limited space.	Relevant records were made through our past clinical practices.
Diagnostic Assessment	8a	Diagnostic testing (such as PE, laboratory testing, imaging, surveys).	Line 8-10; 12-14.Page2.	Yes, on section "Case report"
	8b	Diagnostic challenges (such as access to testing, financial, or cultural)	None.	Pathological diagnosis were erected by endoscopy.
	8c	Diagnosis (including other diagnoses considered)	Line 8-10; 12-14.Page2.	Yes, on section "Case report"
	8d	Prognosis (such as staging in oncology) where applicable	None.	Papillomatosis had developed to cancer in this report.
Therapeutic Intervention	9a	Types of therapeutic intervention (such as pharmacologic, surgical, preventive, self-care)	Line 22-33.Page2.	Yes, on section "Materials and methods "
	9b	Administration of therapeutic intervention (such as dosage, strength, duration)	Line 24-33.Page2.	Yes, on section "Materials and methods"
	9c	Changes in therapeutic intervention (with rationale)	Line 34-36.Page2.	Yes, on section "Materials and methods"

Follow-up and Outcomes	10a	Clinician and patient-assessed outcomes (if available)	Line 1-6.Page3.	Yes, on section "Materials and methods"
	10b	Important follow-up diagnostic and other test results	Line 4-6.Page3.	Yes, on section "Materials and methods"
	10c	Intervention adherence and tolerability (How was this assessed?)	Line 4-6.Page2.	Yes, on section "Materials and methods"
	10d	Adverse and unanticipated events	None.	The therapeutic method was feasible and safe.Adverse and unanticipated events were not discovered.
Discussion	11a	A scientific discussion of the strengths AND limitations associated with this case report	Paragraph 2 and paragraph 3.Page4.	on section "Discussion"
	11b	Discussion of the relevant medical literature with references	On section "Discussion"Page4.	on section "Discussion"
	11c	The scientific rationale for any conclusions (including assessment of possible causes)	Paragraph 1 and paragraph 2.Page4.	On section "Discussion"
	11d	The primary "take-away" lessons of this case report (without references) in a one paragraph conclusion	None.	The therapeutic method was feasible and safe.Further practices are in need to discover relative lessons.
Patient Perspective	12	The patient should share their perspective in one to two paragraphs on the treatment(s) they received	Line 14-16.Page4.	Yes, on section "Discussion"
Informed Consent	13	Did the patient give informed consent? Please provide if requested	Yes <input checked="" type="checkbox"/>	No
