

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tcr-21-994	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	All research data from this study can be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol and statistical analysis plan will be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Researchers interested in the role of miRNA in gastric cancer.
8	For what type of analysis or purpose?	It was used to study the targeting regulation of miRNA-339 on ZNF689 to inhibit gastric cancer cells.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: Cxf1979@vip.163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
