

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/tcr-21-1577	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	All generated or analyzed data sets in this study.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol, statistical analysis, informed consent form and anonymized clinical data from all patient-derived samples will be shared upon request.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years from the publication date. The maximum allowance to store patient data in the ethical approval for our study was five years from the receipt of the first sample in 2018.
7	To whom will you share the data?	All interested researchers.
8	For what type of analysis or purpose?	For any studies utilizing 3D models.
9	How or where can the data/documents be obtained?	Data/documents can be obtained from the corresponding author.
10	Any other restrictions?	We will assess each request and share the maximum amount of information which we feel is reasonable.
