| Data Sharing Statement |  |  |  |
|------------------------|--|--|--|
| Article<br>Info        | http://dx.doi.org/10.21037/tcr-21-2798 |  |  |
| Item                   | Question                               | Authors' Response                          |  |
|                        |  | (place "-" if not applicable)              |  |
| 1                      | Would you like to share                | Yes  |  |
|                        | data collected for your                |  |  |
|                        | study to others?                       |  |  |
| 2                      | If not, would you like to              | _  |  |
|                        | share the reason for your              |  |  |
|                        | decision?                              |  |  |
| 3                      | What data in particular will           | The tumor growth and survival data will be |  |
|                        | be shared?                             | shared.                                    |  |
| 4                      | Any other documents will               | _  |  |
|                        | be shared? Such as study               |  |  |
|                        | protocol, statistical                  |  |  |
|                        | analysis plan, informed                |  |  |
|                        | consent form, clinical                 |  |  |
|                        | study report, analytic                 |  |  |
|                        | code.                                  |  |  |
| 5                      | When will data availability            | From the publication date                  |  |
|                        | begin?                                 |  |  |
| 6                      | When will data availability            | Two years within the publication date,     |  |
|                        | end?                                   | since the                                  |  |
|                        |  | technique or survival date may be updated  |  |
|                        |  | over                                       |  |
|                        |  | time.                                      |  |

| 7  | To whom will you share    | Immunologists who are                       |
|----|---------------------------|---|
|    | the data?                 | interested in studies of therapeutic cancer |
|    |                           | vaccine.                                    |
| 8  | For what type of analysis | For analysis to evaluate the efficacy of    |
|    | or purpose?               | therapeutic cancer vaccine                  |
| 9  | How or where can the      | Emails could be sent to the address below   |
|    | data/documents be         | to obtain the shared data:                  |
|    | obtained?                 | selee@chonnam.ac.kr                         |
| 10 | Any other restrictions?   | We may balance the potential benefits and   |
|    |                           | risks for each request and then provide the |
|    |                           | data that could be shared.                  |
