

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tcr-22-303	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The survival data in particular will be shared, and we also found the effect of PTBP1 on gastric cancer cell proliferation, migration and invasion, which has seldom been provided in previous studies.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent waiver, and clinical study protocol will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the survival data may be updated over time.
7	To whom will you share the data?	Medical oncologists.
8	For what type of analysis or purpose?	For purpose to explore the role of PTBP in gastric cancer patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: caoqhua@mail.sysu.edu.cn.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
