Erratum to: Transl Cancer Res 2020;9:1476-86.

In the March 2020 issue of Translational Cancer Research, the article “Survival outcomes of pancreaticoduodenectomy versus extended pancreaticoduodenectomy procedure for pancreatic head carcinoma: a propensity score matching study” authored by Pu et al. (1) was published with some errors in Figure 3 during the editorial typesetting process. The figure legends remain intact.

The whole of Figure 3 should be corrected as below:

Figure 3 Kaplan-Meier survival curves for OS and CSS of patients with PD or extend PD procedures. CSS (A) and OS (B) between PD and extended PD in unmatched cohort. CSS (C) and OS (D) between PD and extended PD in matched cohort. PD, pancreaticoduodenectomy; OS, overall survival; CSS, cancer-specific survival.
We are sorry for the inconvenience caused.
