| <b>Item</b>         | <b>Question</b>                                                                                                                                     | <b>Authors' Response<br/>(place "-" if not applicable)</b>                                                    |
| 1                   | Would you like to share data collected for your study to others?                                                                                    | Yes.                                                                                                          |
| 2                   | If not, would you like to share the reason for your decision?                                                                                       | -                                                                                                             |
| 3                   | What data in particular will be shared?                                                                                                             | All data in the article.                                                                                      |
| 4                   | Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code. | Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested. |
| 5                   | When will data availability begin?                                                                                                                  | From the publication date.                                                                                    |
| 6                   | When will data availability end?                                                                                                                    | Two years within the publication date, since the technique or survival data may be updated over time.         |
| 7                   | To whom will you share the data?                                                                                                                    | Medical oncologists and surgeons who are interested in studies.                                               |
| 8                   | For what type of analysis or purpose?                                                                                                               | For analysis to evaluate the benefit of related treatment.                                                    |
| 9                   | How or where can the data/documents be obtained?                                                                                                    | Emails could be sent to the address below to obtain the shared data: youjiancn@126.com                        |
| 10                  | Any other restrictions?                                                                                                                             | No.                                                                                                           |
