

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/tlcr-21-249	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes, Data Use Agreements can be put in place for data sharing after considering individual requests
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	De-identified patient data
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	After publication
6	When will data availability end?	1 year after publication date, as the survival date may be updated over time
7	To whom will you share the data?	Data Use Agreements can be put in place for data sharing after considering individual requests
8	For what type of analysis or purpose?	For the effect of PD-L1 on survival outcomes
9	How or where can the data/documents be obtained?	Requests should be sent to jaziehk@ccf.org . Data Use Agreements can be put in place for data sharing after considering individual requests
10	Any other restrictions?	We will assess each request with the assistance of our research administrator to decide if data sharing is acceptable
