

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/tlcr-21-1	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Response and survival data
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Clinical protocol and informed consent form.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the survival data may be updated over time.
7	To whom will you share the data?	Medical oncologists and surgeons who are interested in adjuvant vaccines targeting concertestis antigens.
8	For what type of analysis or purpose?	For analysis to evaluate the safety and potential efficacy of the lysate vaccine
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: David_Schrump@nih.gov
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
