

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tlcr-21-885	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The data of BCAA before and after surgery in particular will be shared, which is rarely provided in previous studies.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, clinical study report and trail data will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Five years within the publication date.
7	To whom will you share the data?	Medical oncologists and basic medical researchers interested in BCAA/BCKDK research
8	For what type of analysis or purpose?	Used to analyze the metabolic difference and mechanism of BCAA in tumor patients and healthy people.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: Email: liren@tmu.edu.cn .
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
