

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tlcr-22-714	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Anonymized data on overall survival with immunohistochemical POU2F1 protein expression.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	All other aspects of our research can be taken from the manuscript.
5	When will data availability begin?	From date of publication.
6	When will data availability end?	One year after publication.
7	To whom will you share the data?	Medical oncologists and lung cancer researchers.
8	For what type of analysis or purpose?	For control purposes.
9	How or where can the data/documents be obtained?	Upon reasonable request from A. B. Schulze (arikbernard.schulze@ukmuenster.de).
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
