

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/tlcr-22-794">https://dx.doi.org/10.21037/tlcr-22-794</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place “-” if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Genetic aberrations in TETs in particular will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique may be updated over time.
7	To whom will you share the data?	Medical oncologists, respiratory physicians and respiratory surgeons who are interested in this study.
8	For what type of analysis or purpose?	For analysis to identify genetic aberrations of TETs as potential therapeutic targets in the Japanese population and to elucidate the genetic profiles of TETs.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: mi-shimada@nagasaki-u.ac.jp
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
