

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/tlcr-23-225">https://dx.doi.org/10.21037/tlcr-23-225</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	No
2	If not, would you like to share the reason for your decision?	All data in this study can be obtained through repeated experiments, and the requester can complete the experiment themselves to obtain the data.
3	What data in particular will be shared?	-
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Medical oncologists and Drug research and development institutions who are interested in studies of BPHL.
8	For what type of analysis or purpose?	Continue to study the BPHL gene and develop possible small molecule targeted drugs against the gene.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: rpf8@qq.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
