

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/tlcr-23-48">https://dx.doi.org/10.21037/tlcr-23-48</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	We may share any data related to the results of the study.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, study protocol and analytic code, will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Three years within the publication date, since we are planning to update by 2026.
7	To whom will you share the data?	Medical oncologists and other clinicians who are interested in studies of cancer care.
8	For what type of analysis or purpose?	For studies to improve the quality of care.
9	How or where can the data/documents be obtained?	Emails could be sent to the corresponding author.
10	Any other restrictions?	We can balance the potential benefits and risks to each request and request authorization from the investigation ethics committee for the proposed new study.
