

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tlcr-23-383	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	All data used to conduct the statistical analyses performed in this study.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Half a year within the publication date.
7	To whom will you share the data?	Readers who submit reasonable requests to the corresponding author.
8	For what type of analysis or purpose?	Meta-analyses, collaborative ad-hoc analysis using data collected in this study.
9	How or where can the data/documents be obtained?	Emails could be sent to the corresponding author to obtain the shared data.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
