

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tlcr-24-160	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	The survival data in particular will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and clinical study report will also be shared if requested as well as the coding used in this manuscript.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival data may be updated over time.
7	To whom will you share the data?	Cancer researchers who are interested.
8	For what type of analysis or purpose?	Only for prove of concept, not allowed for commercial usage.
9	How or where can the data/documents be obtained?	Emails could be sent to the corresponding author email.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
