

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tlcr-24-22	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The detailed results of statistical analysis will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and analytic code will be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Three years within the publication date.
7	To whom will you share the data?	Other researchers who are interested in pulmonary wedge resection.
8	For what type of analysis or purpose?	For retrospective study or multi-center study about pulmonary wedge resection.
9	How or where can the data/documents be obtained?	By emails of the corresponding author.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
