

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tlcr-24-460	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	All data after deidentification will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the survival data may be updated over time.
7	To whom will you share the data?	Investigators whose proposed use of the data has been approved by an independent review committee identified for this purpose.
8	For what type of analysis or purpose?	For any type of analysis.
9	How or where can the data/documents be obtained?	Emails requesting shared data can be sent to the corresponding author at the following address: hinoue@fukuoka-u.ac.jp
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
